PROFESSIONAL PROFILE

Trenton has over 25 years' experience in building regulations consulting and certification experience in NSW and the United Kingdom. He possesses a comprehensive knowledge of the Building Code of Australia and his commitment to his role and work ethic means that he is one of the most in-demand Certifiers in NSW.

Offering a consistent, proactive approach, Trenton assists his clients in achieving their building and development project objectives. His proficiency in certifying a diverse range of buildings, including complex performance based alternative solution projects, ensures Trenton always provides our clients with a uniform, efficient service on all types of building developments.

BUILDING REGULATION AND BUILDING SURVEYING FUNCTIONS INCLUDE:

- Certification of projects under NSW and Crown Legislation
- BCA compliance assessments – Due Diligence and BCA Audits
- Assessment of all buildings, unrestricted by class or size
- Development of Performance Solution reports under the performance requirements of the BCA
- Liaison with authorities and consultants on a wide range of projects, including the provision of advice regarding BCA interpretation
- Development Consent Consultancy and advice
- Assessment of Fire Safety Engineered Designs and analysis regarding proposed Performance Solutions under the performance requirements of the BCA
- Preparation of BCA compliance reports on a large variety of projects, ranging from small residential projects to large and complex commercial, industrial, education, retail and public buildings.

RECENT SPECIAL PROJECTS AND CAREER HIGHLIGHTS

- Principal Certifier for many multi-million dollar mixed use residential developments in the Sydney metropolitan area for well-known construction / development entities such as Meriton, Mirvac, Deicorp, Coronation, Bathla and Sekisui House. Click on the following links for more information:
